

### Praise for *How to Get a Girl Pregnant*

“The universe has been known to knock you on your ass when you try to control it, but it can also offer you gifts if you’re willing to pay attention,” writes Chicana lesbian Karleen Pendleton Jiménez. The writer invites you to join her through the many trials a butch endures to get pregnant. In an honest, captivating memoir, Pendleton assures her readers that they are in for a surprise in the page-turning adventure. Whether you have gotten pregnant or not, whether you intend to get pregnant or not, you will appreciate the journey through to the mystery revealed in *how to get a girl pregnant*. Written with visual verve and precise prose, this memoir is an entertaining read.
